

# EVENT WORKBOOKS

Custom-made, comprehensive workbooks will be created for delegates, branded with your logo. These are for your attendees to create an immediate action plan. A PDF of the workbook will be sent to you prior to the event date.

The workbook will be designed in **A4 paper size, in a multiple of 4 pages**—the page count will be dependent on the content and length of the session.

## HOW TO PRINT

If you are printing your event workbooks inhouse:

- Select A3, 90-100gsm copy paper.
- Select colour, double sided.
- Use the booklet settings of your office copier to produce a folded, stapled, A4 booklet.

If you would prefer to have your workbooks printed by an external offset or digital printer, please notify Keith's team on office@keithabraham.com.au and a print ready PDF file with bleed and crop marks will be supplied.

Example workbook pages only.
